[Mod The Sims Clean Pack Installer](#)

[Mod The Sims Clean Pack Installer](#)

Why is my Installer freezing? I will take any suggestions at this point! Except for Re-installing my game.. :blah: Atwa 28th Aug 2005 5:22 PM I am trying to download a Sims2Pack clean installer off the Mod the sims website.. I keep a lot of my custom content in sub-folders: hacks, walls, floors, ground-covers, objects and object recolours which means I can check those folders individually - it takes far less time because it has fewer files to run through and CI doesn't get overloaded with too many files.. Are you sure you are giving it enough time to load up all the files - it can take a (very) long time if you have a lot of Downloads.

It features the same functionality as the TS3 Dashboard, but works solely on Sims3Packs.

sims 2 pack clean installer

sims 2 pack clean installer, how to use sims 2 pack clean installer, sims 3 pack clean installer download, sims 4 pack clean installer, sims 3 pack clean installer, sims 2 pack clean installer red, sims 2 pack clean installer pink, sims 2 pack clean installer mac, sims 2 pack clean installer blue, sims pack clean installer download, sims 2 clean pack installer

Are you sure you are giving it enough time to load up all the files - it can take a (very) long time if you have a lot of Downloads.. I keep a lot of my custom content in sub-folders: hacks, walls, floors, ground-covers, objects and object recolours which means I can check those folders individually - it takes far less time because it has fewer files to run through and CI doesn't get overloaded with too many files.. When you select a folder to check it will check that folder and ALL sub-folders within it so if you are selecting Downloads it will still be looking at all the files you might have in sub-folders in that folder as well as the files actually in that folder.
